## Apprenticeship/Traineeship websites

### MyGain YouTube Channel

Check out this channel to watch videos about apprenticeships, traineeships and employers, <http://bit.ly/1NC2fUS>

### AusAppPathway

This is an App you can download so you can research apprenticeships and traineeships on the go via your smart phone, [www.ausapp.com.au/](http://www.ausapp.com.au/)

### Making the most of your time at school

If you have just started back at school and you aren't feeling motivated or engaged, the staff at Australian Apprenticeships Pathways have written an article with great advice about how you can become more connected with your learning and your career development.

The article covers school subjects, VET subjects, school-based apprenticeships, work experience and paid work. You can read the article here - <http://bit.ly/2FdEHFz>

### Article for families

They have also written an article just for parents and families called 'opening the door to new opportunities for your child'. You can access it at this link - <http://bit.ly/2BCiZeu>

## Careers in the maritime industry

Career Education Association of Victorian (CEAV) and Offshore and Specialist Ships Australia (OSSA) are hosting an exciting online information session about careers in the Maritime Industry.

Students will get to hear from OSSA staff and members currently employed in the industry and will learn about the huge variety of occupations, potential pathways, career stories and more!

**Date:** Thursday 25 March, 11.30am

**Information & RSVP:** please see your Career Adviser for the link to register your place.

## New medicine pathway course

From 2022, CQUniversity will be offering the Bachelor of Medical Science (Pathway to Medicine) program. A small number of graduates will be guaranteed a place in The University of Queensland's regionally based Doctor of Medicine program provided they meet entry requirements. For information on entry requirements and the course, visit [www.cqu.edu.au](http://www.cqu.edu.au)

## Careers With STEM

### Business + STEM

Science isn't all research and academia – commercially minded scientists are turning their inventions and discoveries into real-world products and successful businesses all the time. Learn why science + innovation = a great combination, <https://bit.ly/3qrkdzL>

### Humanities + STEM

Can you really combine humanities and STEM? Absolutely! Discover how to connect your humanities passion with STEM subjects to build your dream career, <https://bit.ly/2Zmndlg>

### Could I be a data scientist?

Love numbers? Able to spot a pattern from mile away? Take this quiz to see if you've got what it takes to work in this exciting, popular and future proof area of STEM! <http://bit.ly/3qBsUYc>

### Mechanical engineering

From what it is to where it could take you, we break down mechanical engineering to see if it's the right STEM career path for you, <http://bit.ly/3diKEaA>

### Learn computer science via YouTube

The clever people at Laconic Machine Learning have compiled an entire CS curriculum into 1000 YouTube videos and it's awesome! <http://bit.ly/3rQRlkK>
