Free Careers Program!

Get hands on with your future

This program has been developed by SkillsRoad and is for students who love hands on learning. The following information has been taken from the SkillsRoad website.

It takes an orchestra to play a symphony. It takes an orchestra of skills to build a house. Or save a life. To shape an object of beauty and tend a garden.

To produce vaccines, foil cyber-attacks, or design clothing. Make movies, educate children, create a legacy.

There are 500+ occupations in VET – and infinite opportunities to grow your skills. Join our orchestra!

At Skillsroad, we want to show you why learning while doing and experiencing is just as important as academic learning.

Understanding the full potential of your natural skills and the various pathways you can follow to achieve your dreams will help you to not only set yourself up for a successful career, but a fulfilling one, too.

Your future starts with an idea... To create, to save, to tend, to heal, to make, to design, to produce, to empower, to excite, to solve, to protect, to flourish, to DO. Now take that idea, and start exploring, thinking and dreaming!

Step 1 - Secure your skills

Dip into the world of work and get a better idea of what's out there. You have many options: we help you discover them.

- Explore Careers
- A day in the life of....
- Industry videos

Step 2 - Secure your strengths

Explore your natural skills, passions and which industries, careers and education pathways are best for YOU

- Career quiz
- Job fit test
- 360 VR workplace

Step 3 - Secure your space

Be empowered to take the next step into the world of work and start forging your own path.

- Training and study
- Get ready to reset
- SkillsRoad jobs board

Australian Defence Force Academy

Students who would like to combine university study with a military lifestyle and career should consider applying for the Australian Defence Force Academy (ADFA), Canberra.

Students will receive a fully subsidised university degree from UNSW, a wage, and military training in the role you apply for.

Undergraduate degrees include:

- Arts
- Business
- Engineering – Aeronautical, Civil, Electrical, and Mechanical
- Aviation
- Computing and Cyber Security
- Science

Civilians can also study at ADFA, Canberra. For information and to start your application, visit www.unsw.adfa.edu.au

Interested in being a flight attendant?

ADF Gap Year – Cabin Crew

Did you know that you can apply for the Air Force Cabin Crew position as part of the Australian Defence Force Gap Year Program?

If successful, you will “provide safety, comfort, and in-flight service to passengers and crew on board specialised aircraft, whilst enjoying a fulfilling 12-month taste of life in the Air Force”.

Applications are now open. For information and to register your interest, go to <https://bit.ly/2uW1hzi>

William Angliss - Flight Attendant

If you don't want to join the Air Force for 12-months, you could consider studying the Certificate III in Flight Operations (Cabin Crew) at William Angliss, Melbourne, <https://bit.ly/2Hasrso>

It is advisable to check the job entry requirements for different airlines as you may need to meet requirements such as height, fitness and level of education.

Having a background in a customer service job is highly desirable (e.g., retail or hospitality), as well as being able to speak a second language.

University scholarships for Year 12 high achievers

The University of Melbourne – The Hansen Scholarship

If you are planning to study at The University of Melbourne in 2022, you should consider applying for the prestigious Hansen Scholarship. Stage 1 applications are now open and close on the 11th of March. You must be able to prove financial disadvantage to be eligible, <https://scholarships.unimelb.edu.au/hansen>

Australia National University (ANU) – Tuckwell Scholarship

If you are planning to study at ANU in 2022, you should consider applying for the prestigious Tuckwell Scholarship. Applications are now open, <https://tuckwell.anu.edu.au/>

Apply for university now!

Australia National University

Year 12 students who are planning to study at ANU in 2022 (or defer their studies until 2023) are now able to apply for courses, accommodation and scholarships in the one online application direct to the university. For information on dates and the admissions process, visit www.anu.edu.au

University of New England

Applications are now open for the direct early entry program. It's free to apply and applications for Year 12 students will close Friday 17 September.

You will need a recommendation from your school to be eligible. Offers will be made in November before your final ATAR and results are released. For information and to start your application, visit www.une.edu.au

Find your career crush

Take the 5-minute survey

Maximising your strengths, personal preferences and aspirations, Torrens University will match you with a career crush persona, careers and courses you're compatible with and more. Take the survey at www.torrens.edu.au/career-crush

Careers with STEM

Careers with STEM: Indigenous

This 20-page digital magazine celebrates the contributions of Indigenous people to STEM – historically, now and into the future. It also provides real-life STEM role models, STEM career pathways and inspiration for young Indigenous people.
