Interested in sports physiotherapy?

Have you considered clinical exercise physiology as being a more suitable pathway than physiotherapy?

“Where physiotherapists assist people with movement disorders using techniques to assist muscles and joints to move to their full potential, clinical exercise physiologists use exercise to prevent and rehabilitate disease and injury in the community”.

Students will study an Exercise and Sport Science Australia (ESSA) accredited undergraduate exercise science degree followed by graduate studies in exercise physiology. The following are examples of courses at Victorian universities:

Deakin University, <https://bit.ly/2TPWDQ3>
Australian Catholic Uni., <https://bit.ly/2CiUimH>
Victoria University, <https://bit.ly/2Q1iwXx>
La Trobe University, <https://bit.ly/2wnnpoq>

Applying Medicine, Dentistry or Oral Health?

If you are in Year 12 and plan to apply for any of these health science courses to start in 2022, you may need to sit the UCAT ANZ (University Clinical Aptitude Test).

The UCAT ANZ is a two-hour, computer-based test which assesses a range of mental abilities identified by universities as important to practicing in the fields of medicine and dentistry.

It consists of five separately timed subtests which each contain a number of questions in a multiple-choice format.

You will sit the test in July 2021 and selected universities use your UCAT ANZ results as part of the selection process, in conjunction with your ATAR and VCE results, and in some cases an interview.

You will only have one chance to sit the UCAT ANZ this year. It's important to note that applications close on the 17th of May and late applications close on the 31st of May.

Please go to <https://www.ucat.edu.au/> for more information about the UCAT ANZ, to see if you have to sit the test, and to register for the test.

Preparing to attend a Careers Expo

Career Expo success for students lies in effective preparation.

My Career Match offers the following advice to students preparing to attend a career expo:

List the priority exhibitors with the 'must visit' at the top of list. If they are busy make a time to come back and see them. Don't leave the expo without visiting the "must see" exhibitors.

Allocate time to spend with each of your priority exhibitors. Non priority exhibitors can be visited if you have time.

Prepare an introduction. Keep it short. Introduce yourself and say why you're interested in this career or a particular study area.

Have a list of questions to ask. Don't leave it to memory. Take notes and gather information. Ask for their business card or get their name and email to follow up.

Take the visit seriously. It's about your future so it's important you focus and don't get distracted.

About 80% of all job vacancies aren't advertised, so it is crucial that you market yourself to businesses with an excellent resume and cover letter.

Make sure you tell as many people as possible that you are looking for work as often employers rely on 'word of mouth' to recruit for their positions.

Parents – School to Work Resources

Supporting your child in preparing for the world of work after school can be a challenge. Casualisation and globalisation of work force, automation and rapid advances in technology will all have an impact in your child's navigation of the world of work.

The Australian Government has developed resources to support parents through their Future Ready Career Education Portal. To access the resources, go to <https://bit.ly/2OkOwsl>

Careers in Business & Commerce

When people think of careers in business, they often think of occupations such as business management, accounting, finance, and marketing. The following are three business career areas you may not have considered:

Insurance

As one of the biggest, most diverse industries in the world, insurance has more roles than you'd imagine – including ones that are perfect for you. Love numbers? You're needed. Love people? Insurance has roles for you. Analytical? A big thinker? A problem solver? Whatever you are, insurance has a job with your name on it, <http://careersininsurance.com.au/>

Economics and Econometrics

Economists perform economic research and analysis, develop and apply theories about production and distribution of goods and services and people's spending and financial behaviour, and provide advice to governments and organisations on economic policy issues, <https://careerswithstem.com.au/read-it-here/>

Actuarial Science

Actuaries evaluate risk and opportunity – applying mathematical, statistical, economic and financial analyses to a wide range of business problems. Actuaries work in insurance, superannuation, wealth management, investments, health financing, banking, data analytics, energy resources and the environment etc., <https://bit.ly/2TdcFiy>

Commerce vs Economics

Which study area would you be more suited to? The Australian School of Business, UNSW, has developed a video to help you decide. They have also developed a video focused on careers in economics.

2022 National Youth Science Forum (NYSF)

In Year 11? Love STEM? Want to engage in a life changing experience? You should consider applying for the NYSF.

This is a two-week on-site and digital program where students are immersed in hands-on science activities, lab experiments, field trips and meet researchers who are leaders in their field.

In-person STEM visit days and events will be held over a week of the program at major city hubs across the country, enabling students to meet each other and network with like-minded peers.

A continuous program of digital events will run alongside the in-person events meaning the program is accessible to all.

The program will be held during January 2022. Applications close Friday 2 July. For more information and to apply, go to www.nysf.edu.au

Natural Health Courses

Have you considered natural health? The following two colleges are located in the Melbourne area:

Endeavour College of Natural Health

Courses: Acupuncture, Myotherapy, Naturopathy, Nutritional and Dietetic Medicine, and Complementary Medicine, www.endeavour.edu.au

Southern School of Natural Therapies

The School is part of Torrens University and Think Education.

Courses: Health Sciences, Naturopathy, Nutritional Medicine, Western Herbal Medicine, Chinese Medicine, Clinical Myotherapy, www.ssn.edu.au

Wellbeing Centre: open to the public, <https://bit.ly/2Y0Mu2s>

Careers with the Australian Federal Police

A career with the AFP can lead to working with the community, across the country or around the globe.

Whether in a non-policing support role, investigating transnational crime, combatting terrorism and people smuggling, investigating crimes against the ACT community and patrolling its city and suburban streets, providing high visibility protection to commonwealth infrastructure sites and establishments, or heading overseas to liaison posts or capacity building missions, you'll be on the frontline, contributing to keeping the Australian community safe.

There are three main employment pathways:

- Entry Level Sworn Recruit
- Lateral Police Recruit
- Professional (Non-Policing) Role

For information on entry requirements, careers, and the recruitment process, go to www.afp.gov.au/careers
